Dra

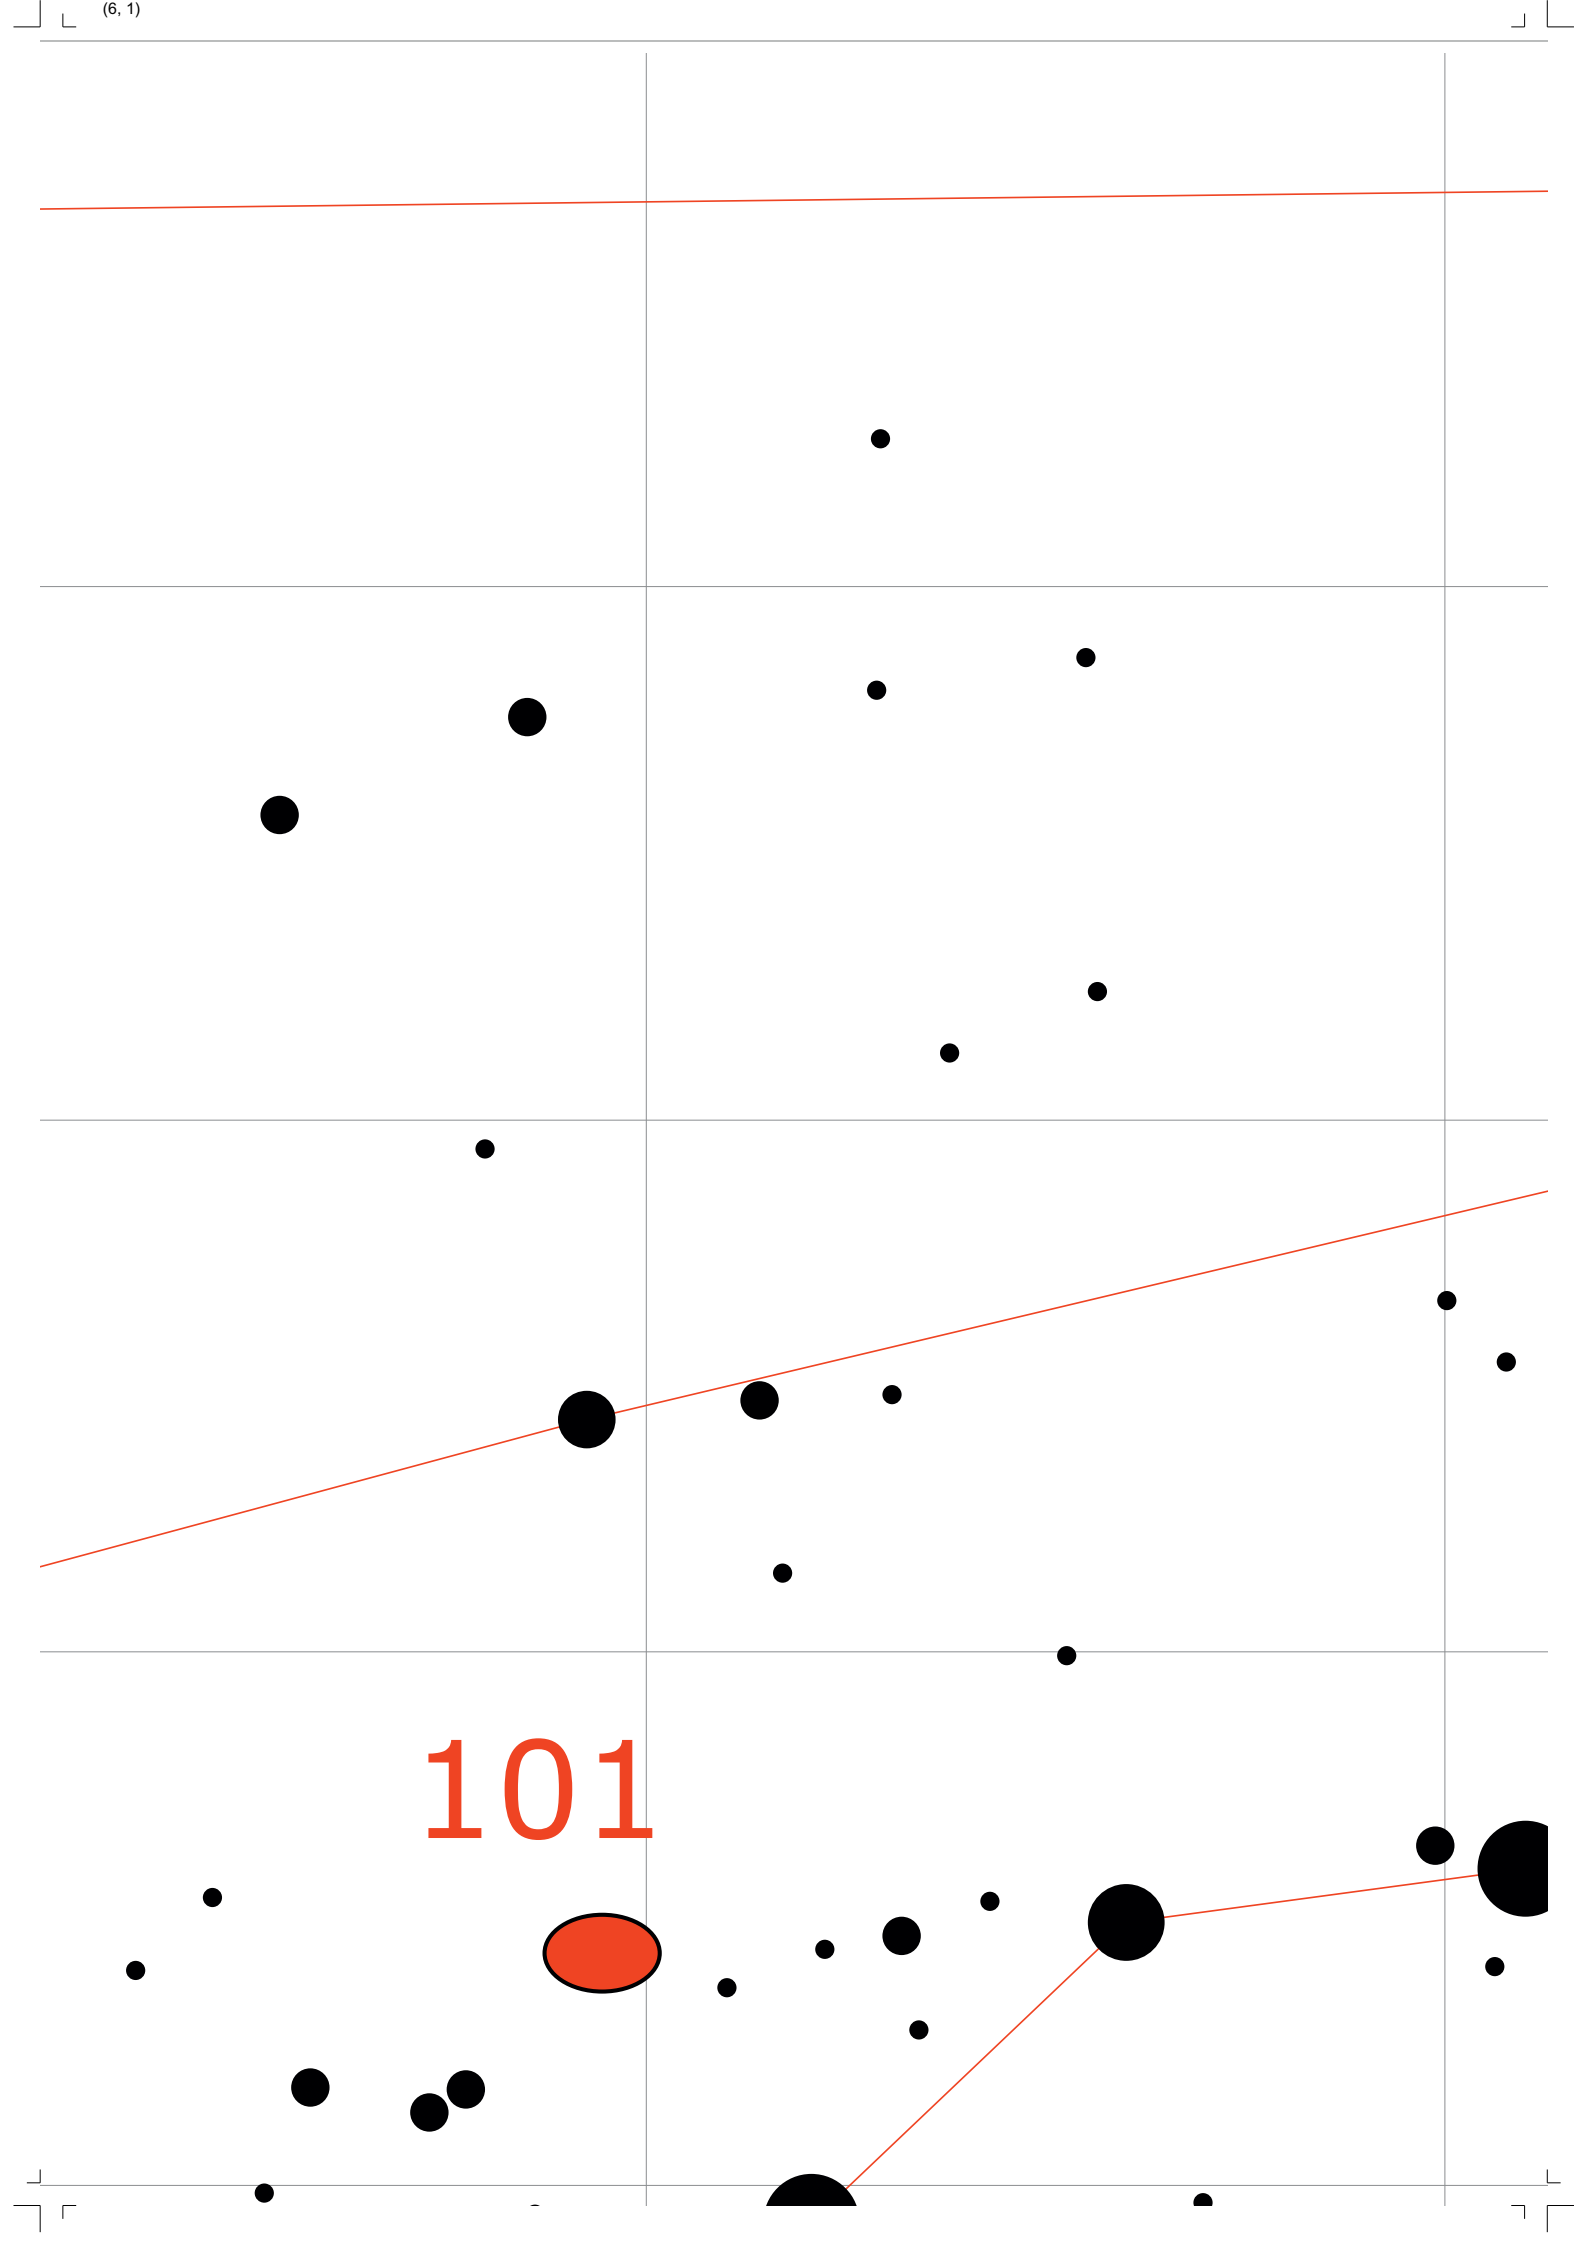

The image shows a star map of the constellation Draconis (Dra) on a grid. The constellation is outlined with red lines connecting its primary stars, which are represented by black circles of varying sizes. The name 'Dra' is written in the center. The map includes a coordinate grid with axes labeled at the corners and a coordinate label '(4, 1)' at the top left.

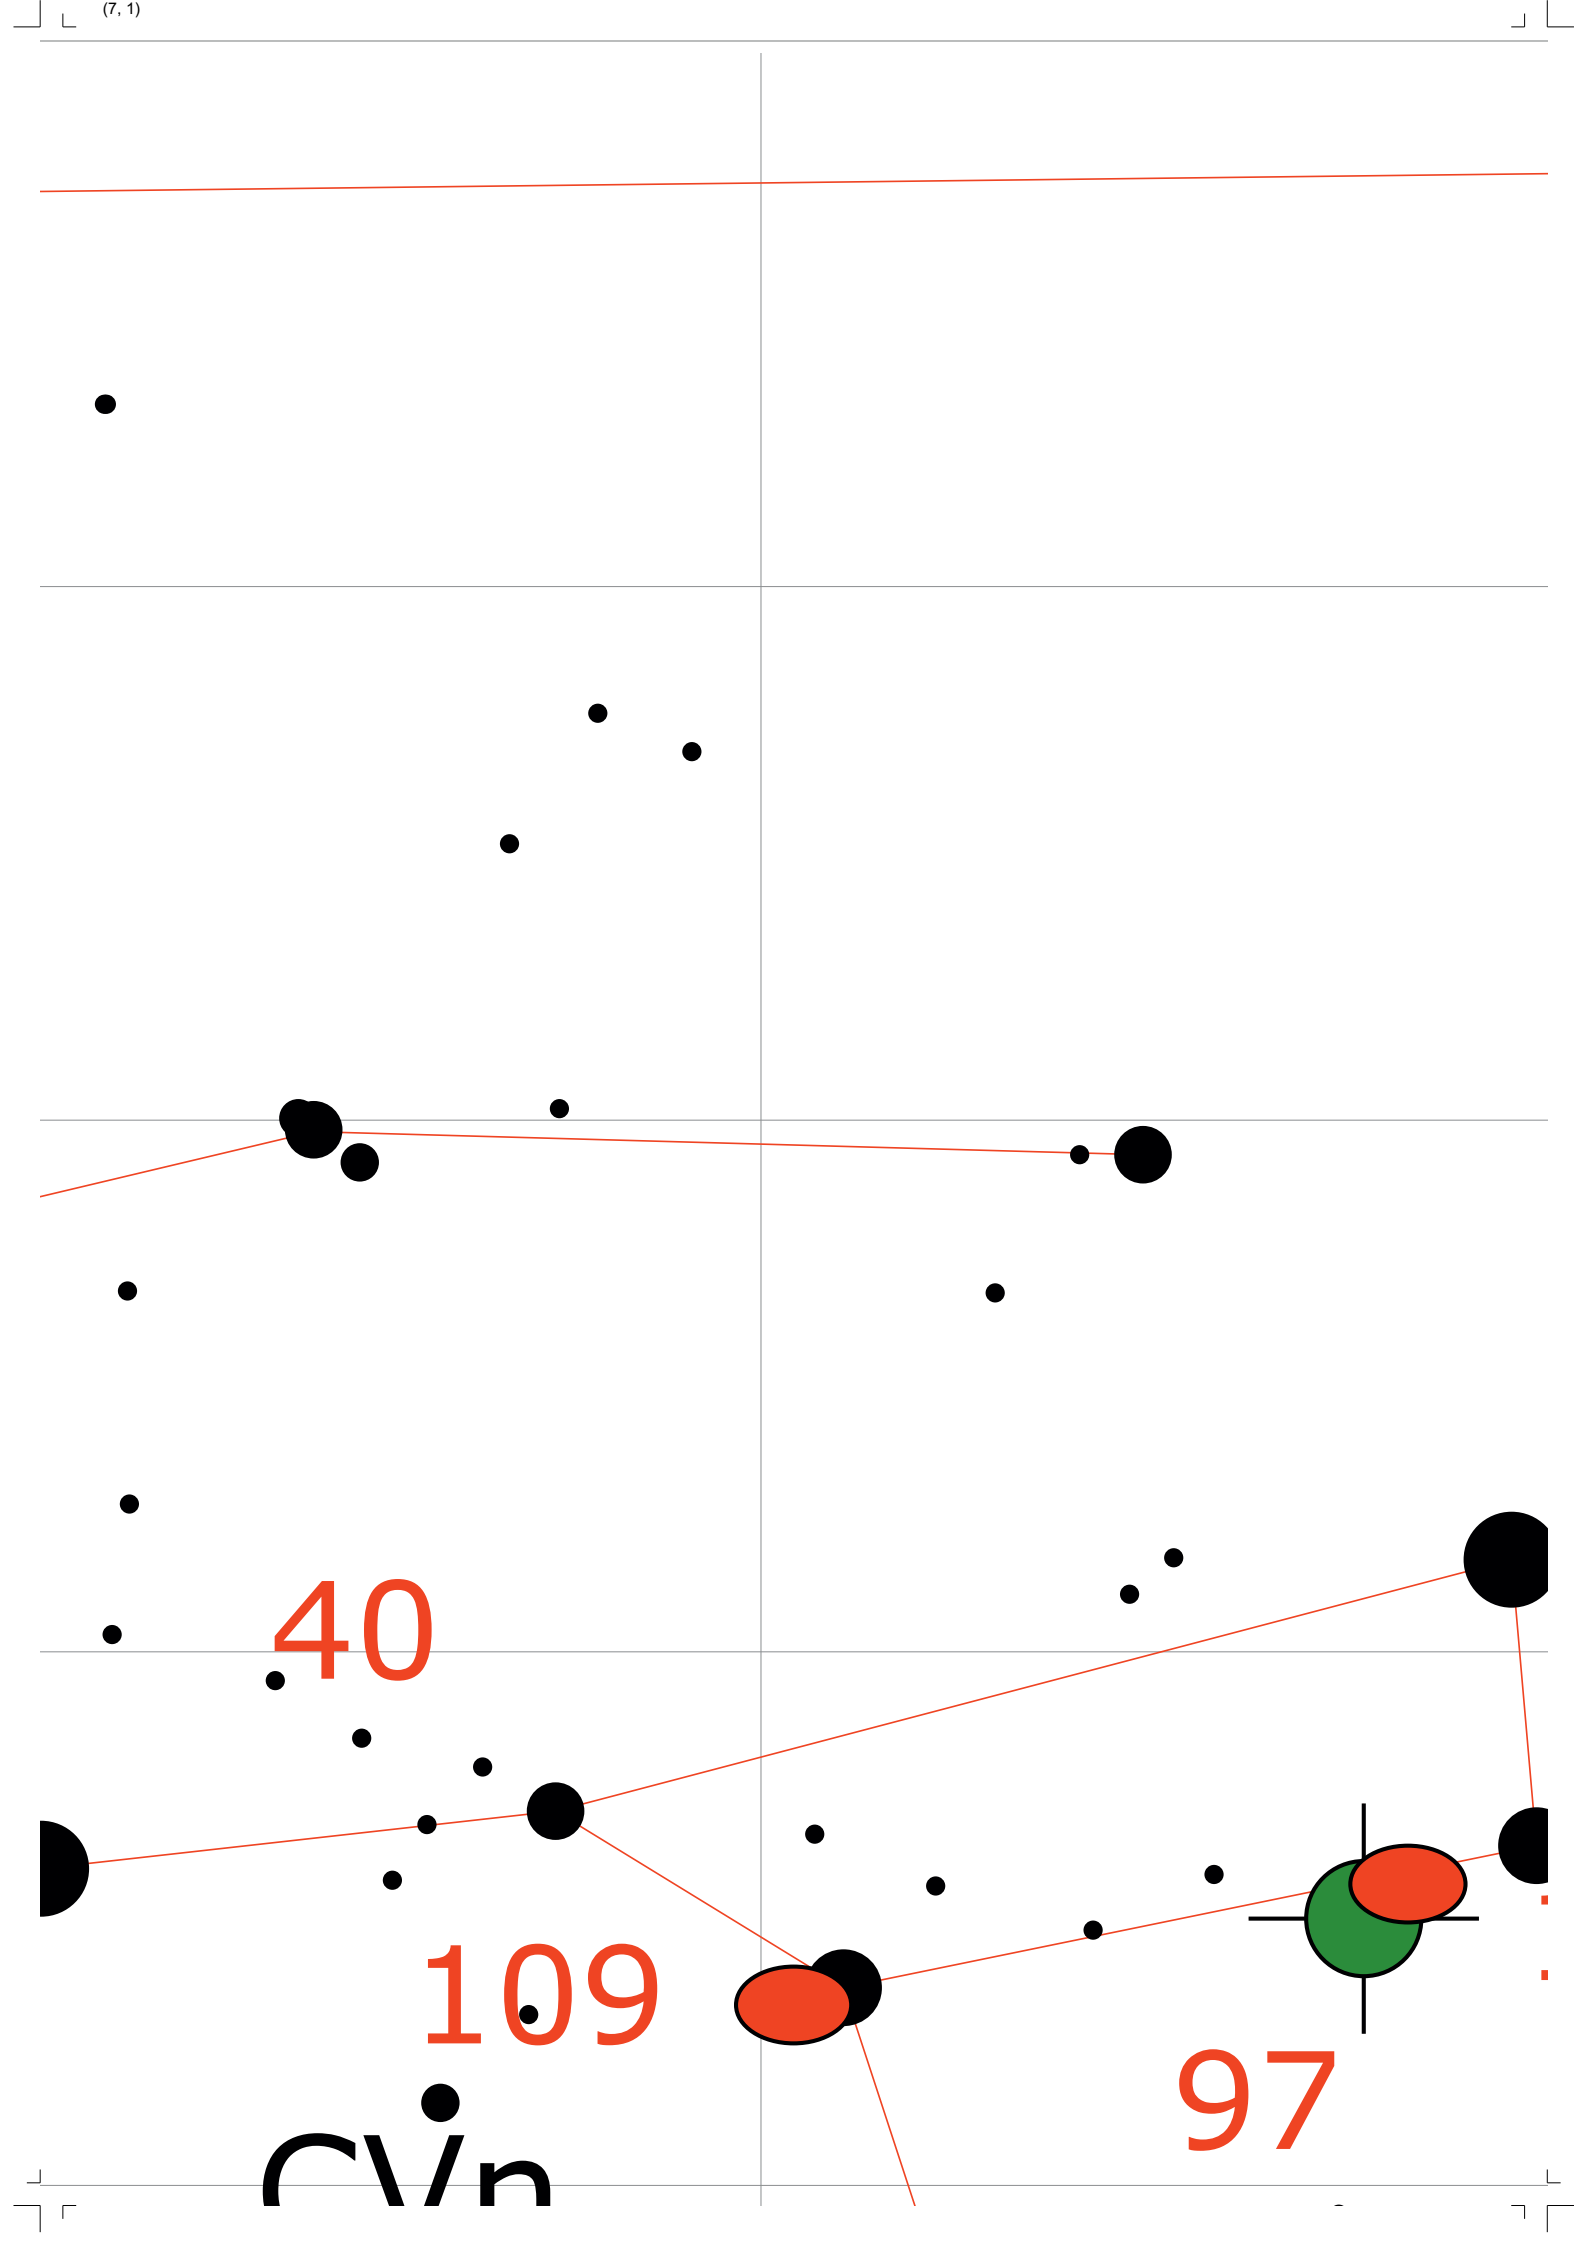

| Star Name                   | Approximate X | Approximate Y | Relative Size |
|-----------------------------|---------------|---------------|---------------|
| Alpha Draconis (Raid)       | 500           | 100           | Large         |
| Beta Draconis (El Rasi)     | 880           | 210           | Medium        |
| Gamma Draconis (El Tais)    | 80            | 430           | Large         |
| Delta Draconis (El Rigel)   | 410           | 450           | Medium        |
| Epsilon Draconis (El Tanin) | 700           | 600           | Medium        |
| Zeta Draconis (El Saif)     | 310           | 810           | Medium        |
| Eta Draconis (El Aknas)     | 500           | 850           | Small         |
| Theta Draconis (El Aknas)   | 300           | 940           | Large         |
| Iota Draconis (El Aknas)    | 510           | 920           | Large         |
| Kappa Draconis (El Aknas)   | 890           | 810           | Medium        |
| Lambda Draconis (El Aknas)  | 950           | 900           | Small         |
| Mu Draconis (El Aknas)      | 900           | 980           | Small         |
| Nu Draconis (El Aknas)      | 950           | 980           | Small         |
| Xi Draconis (El Aknas)      | 900           | 980           | Small         |
| Omicron Draconis (El Aknas) | 950           | 980           | Small         |
| Pi Draconis (El Aknas)      | 900           | 980           | Small         |
| Rho Draconis (El Aknas)     | 950           | 980           | Small         |
| Sigma Draconis (El Aknas)   | 900           | 980           | Small         |
| Tau Draconis (El Aknas)     | 950           | 980           | Small         |
| Upsilon Draconis (El Aknas) | 900           | 980           | Small         |
| Phi Draconis (El Aknas)     | 950           | 980           | Small         |
| Chi Draconis (El Aknas)     | 900           | 980           | Small         |
| Psi Draconis (El Aknas)     | 950           | 980           | Small         |
| Omega Draconis (El Aknas)   | 900           | 980           | Small         |
